"No Compromise With Dishonor!"

HAVING done its very best or worst—to bolster up the cause of an election law that it considered in no way unwarranted, it is now in order for The Courier-Journal to urge the repeal of the Goebel law and the substitution of the one offered by Hon. EMMETT ORR as one equally non-partisan.

Senator TAYLOR is to accept a "promise" contingent upon the repeal of the Goebel law and the passage of an honest election law. THE LEADER commends the measure offered in the House by the Hon. EMMETT ORR as the fairest and most equitable. Although offered by a Democrat, it is strictly non-partisan. No Democrat could ask more; no Republican should accept less.

Has Mr. BRYAN noted the recent action of the Southern Hosiery Spindlers' Association at Charlotte, N. C.? The meeting represented 75 per cent. of all the hosiery spinners of the South, and they adopted resolutions affecting the necessity of maintaining an open door policy in China, the restoration of order in the Philippines by this Government, the construction of the Nicaragua Canal, and other matters. This is only an instance of the attitude of the entire textile industries in the South.

The recent financial disasters, which are largely the result of injudicious loans upon watered stock, are liable to throw the Trust "promoters" out of employment and permanently check these speculative prices, which have brought reproach upon many legitimate business consolidations required for the economical production of articles of consumption. Legitimate consolidation of interests to reduce the cost of production, and so reduce the price to consumers, is quite a different thing from the indiscriminate organization of enormous concerns with inflated stock for speculation purposes only, and the public will quickly discriminate between the two systems.

Here are a few notes from a single issue of *Street-News*, that of December 9th, 1899: "Wages of employees in the cotton mills in Augusta, Ga., are to be advanced January 1st. Pennsylvania Industries are employing 300,000 more persons than they were a year ago; 100,000 New England cotton-mill operatives have received an advance of 10% in wages; the Richmond, Fredericksburg and Potomac Railroad Company has given the yard conductors and trackmen a 10% increase in wages; about 2,400 workers in the watch factories at Elgin, Ill., are to receive an increase in wages January 1st." Let's see; who was it who said that it's better to open the mills than the Mint?

PEOPLE who assume that the admission of sugar from Porto Rico free of duty would interfere with best-sugar production in the United States will be interested in the fact that the best-sugar producer has made rapid gains on cane-sugar growers under all sorts of circumstances during the past few years. In 1854-5 the total best-sugar crop of the world was but 182,000 tons; by 1864-5 it had reached 536,000 tons; in 1874-5 it was 1,219,000 tons; in 1884-5, 2,545,000 tons; in 1894-5, 4,796,796 tons; and in 1899-1900, 5,510,000 tons. In 1854-5 best sugar formed 13% of the world's total sugar crop, and in 1899-1900 it formed 66%. Thus the sugar-producing area of the world has in less than a half century been shifted from the tropics Northward, and the farmer of the temperate zone has shown his ability not only to compete with the low-priced labor of the tropics, but in doing so to reduce by one-half the cost of the article produced.

The showing made by the House of Representatives on the election question is not encouraging to ligandites. The House passed the Gold Standard Measure by a vote of 190 to 150, every Republican member and 11 Democrats voting aye. The vote for this bill represents two-thirds of the people of the United States, and the next Presidential campaign will undoubtedly start with the Gold Standard as the law of the land.

PEOPLE who are hearing the "plots" and "combinations," and asserting that they are intended to injure the interests of the workmen and of the country at large, will perhaps be surprised to know that the exportations of manufacturers of iron and steel, controlled almost necessarily by great combinations of capital, are this year by far the largest in our history. The total exports of iron and steel in the calendar year 1899 will, according to the Bureau of Statistics of the Treasury Department, amount to \$100,000,000, an increase of nearly or quite \$20,000,000 over last year, and this in the face of the advance in wages of workmen, prices of material, and a general improvement in the earning capacity of those connected with the iron industry.

There is probably no disease or condition of the human system that causes more suffering and distress than the Taber's Hickeys. The Hickeys are often quick, without pain or detection from business. Price, 5 cents in bottles. Taylor, 5 cents. J. W. Wood & Son.

Mr. Hunter Seaman of this county has moved to near Sandford, in Fleming.

The total amount of taxable property in Madison county is \$8,236,336, an increase of \$20,140 over 1898.

Mr. and Mrs. Earl Corwin have moved from the Fifth Ward to the Redmond property on Sixth street.

How's This?
 We offer One Hundred Dollars reward for any case of Catarrh that cannot be cured by Dr. J. C. Cheney & Co., Props., Toledo, O. We, the undersigned, have known Dr. J. C. Cheney for the last 35 years and believe him perfectly honorable in all his business transactions and financially able to carry out any obligation made by him.

NEWS IN KENTUCKY.

CLEW TO THE ASSASSIN.

Peoria Police Think They Have Found a Solution to the Great Kentucky Tragedy.

Peoria, Ill., Feb. 8.—The police of Peoria have unearthed what they think is a clue to the assassin of Mr. Goebel, of Kentucky.

A young man arrived in the city last fall whose name was George E. Ahlers, claiming that his father was a member of the firm of Hoffman & Ahlers, 413 East Front street, Cincinnati. He claimed Kentucky as his home, and when under the influence of drink was easily excited and would wound himself in a violent passion while discussing politics. He said repeatedly that it was his evidence that required Mr. Goebel of the charge of murder.

He was very bitter in his denunciation of Goebel and offered to bet large sums of money that Goebel would be assassinated before he reached the gubernatorial chair. He said a near relative of Goebel's victim was pledged to kill the governor, but in case he failed to keep his word others would do it. He had left Peoria some time before the Kentucky tragedy and his present whereabouts are not known.

TRIAL POSTPONED.

Bakers and Howards Meet at London, but There Was Not the Least Manifestation of Trouble.

London, Ky., Feb. 8.—Owing to the absence of witnesses for the defense the trial of James Howard, for the murder of George Baker, two years ago, one of the results of the Baker-Howard feud of Clay county, did not begin. The defendant filed an appeal for continuance but the appeal was not granted and the case was postponed till Monday, February 19, and processes will be sent to Clay county to bring the accused witnesses.

There were about 25 witnesses gathered in the circuit court room and the defense has about 30 more to appear from Clay county. Although Baker and Howards were together at the court there was not the least manifestation of trouble.

In the previous trials of Howards his defense was made on the plea of insanity at the time the murder was committed.

Judge Brown said that he was determined the case shall be tried at this term of the court and finally disposed of.

Quarrelled Over Politics.

Elmoretown, Ky., Feb. 8.—W. A. Dixon, a Goebel democrat, and a localist here, got into a political argument with his keeper, John E. Courtney, a republican. Dixon became very abusive and highly insulting, when Courtney elbowed him. Both fell to the floor, when Dixon whipped out a revolver and attempted to kill Courtney, but the latter seized the weapon by the muzzle and in the tussle it exploded, the ball passing clear through the palm of Courtney's hand. Both men came here from Henry county.

Excitement Over a Shooting.

Nicholsville, Ky., Feb. 8.—The town is somewhat excited over the shooting of Newton Lantz by one of his work hands on the Fayette line. A mob was organized here to lynch Lantz when he killed H. C. Rodden, a localist and his son in Nicholsville, four years ago. Roddenburg was very popular here, where he had lived. At the request of Mrs. Roddenburg the mob dispersed. Lantz had been here about nine months ago for using abusive language to a Negro.

Want the Whisky Tax Reduced.

Louisville, Ky., Feb. 8.—The Kentucky Distillers' association met at the city hall here, to discuss the bill for the reduction of the whisky tax. Mr. John R. Thompson presented. Resolutions were adopted asking congress to reduce the revenue tax on whisky from \$1.10 to 70 cents per gallon.

Bribery Case Reopened.

Louisville, Ky., Feb. 8.—John E. and James P. Whitten filed suits to recover the contents of the famous box No. 55, in which is stored the \$1,000 that figured in the Harrell bribery case. The plaintiffs say they are the owners of the money and pray for its restoration.

Child Burned to Death.

Bowling Green, Ky., Feb. 8.—The 10-year-old daughter of Will Lark, who lives about 14 miles from this place, was burned to death. The little girl was sitting before the fire, and her clothes became ignited. She was turned to a crisp before help could reach her.

Held to the Sane.

Louisville, Ky., Feb. 8.—Charles Van Arx, the swindler, who victimized local merchants and fled to Dayton, O., where he was arrested, was sentenced to two years in the penitentiary for horse stealing. An effort to prove insanity was unsuccessful.

Pell Asleep at Switch.

Hopkinsville, Ky., Feb. 8.—The head of Joshua Grant, aged 25, night watchman at Crofton, was crushed by an N. & N. train. He had been doing double duty and fell asleep at a switch.

Boy's Head Blown Off.

Harrodsburg, Ky., Feb. 8.—A 12-year-old son of Dr. J. C. Smith, while playing with some dynamite, touched a lighted match to it. His head was blown off.

Restrainees Die in Pennsylvania.

Lebanon, Ky., Feb. 8.—Miss Juliette Gahring, formerly superintendent of the Good Samaritan hospital here, died at Old City, Pa.

THE BUYERS' GUIDE.
ATTENTION,
Tobacco Growers!
 It is a fact that a Tobacco Transplanter will pay for itself in one year on four and one-quarter acres of tobacco.

Tobacco Growers.....
OF THE
White Burley District!
 Who have experimented with both hand and machine planting are agreed upon this point. REMEMBER that when set by hand the tobacco plants stand still about three days, then it goes backward about two weeks and then it begins to thrive and grow, provided the weather is reasonable. When set out by a good transplanting machine the tobacco plant thrives and grows from the very moment it is set out, because a large furrow is made into which is dumped a quart of water under the roots of the plant and then dry dirt is gathered up and pressed around the stalk. This prevents ground baking and withering plants. They thrive and grow from the moment they enter the ground—gives you a good stand and an early crop. Prepare ground properly, set your crop with a good transplanting machine and you need fear no frost. Your crop will be earlier than the earliest tobacco. Tobacco Growers of the White Burley District who have experimented with different kinds of transplanting machines have all agreed that the

Nagley is the Best Transplanter Made
 I have fifty-seven (57) written signed testimonials from farmers stating that such is the case. I ask you as an especial favor to call at our store and examine for yourself the PRIDE OF THE WORLD. Here is one of the testimonials. Here is one of the testimonials from a man that you all know—a big tobacco raiser and one who always gets the top of the market.
 "MAYSVILLE, KY., June 20th, 1899.
 "This is to certify that I have seen and worked the Hemis, Tiger and Nagley Transplanters, and can cheerfully say that the Nagley will work better and handle easier in all kinds and conditions of ground than either of the others. The Nagley will turn in five (5) feet less of space than any other machine made. The value on the Nagley is perfect, always works, never gets out of fix. The plants thrive from the minute they are set out, the best stand of plants I ever saw. My neighbors are all wild over the work of the Nagley. I would not trade my Nagley for a barnyard full of Tiger and Hemis machines. Signed, Thos. Kuhn.
 "This is only a sample of what they all say. Call and read the rest of our testimonials. THE PRIDE OF THE WORLD. I. WINNER has put them within the reach of even the poorest tenant. \$35 will buy the best Tobacco Setter made if you do not mind that it is not a machine. This is the best Tobacco Setter made. Visit all dealers in all towns and when you learn that their Trust Combination price is \$35 then visit The Price Fighter and he will sell you one for \$35. I, John H. Nagley, the Price Fighter of sound mind, do hereby obligate myself to sell you the Best Tobacco Transplanter on earth for \$35 each or bankable note.
 All I ask is a chance to show you what I have."

THE PRIDE OF THE WORLD IS
The Vulture.
 The Vulture Chilled Plow is absolutely the strongest, best-made, easiest-handled and prettiest plowing machine that you ever had your hands on. That is a rather strong statement, but I mean just what I say. You stop your wagon in front of my store. I will put a Vulture plow on it; you put this plow in dirt and if you can move it with me it is your plow. If it is the best plow that you ever used bring it back and I will refund every cent of your money. Is that fair? I think so.

The Black Hawk Corn Planter!
 Touched the heart of Mason county farmers last year! They will not want Black Hawk planters this year because the Black Hawk has no brass to wear out but has a metal shaft that drives one grain of corn at a time. The Black Hawk is guaranteed to feed accurately 10% of a mixture of fourteen kinds of corn. The size or shape of the grain does not affect the accuracy of the Black Hawk.

The Light-Lunning Second-Growth Hickory Florence Farm Wagon is Queen of the plow. We still sell them—hundreds of them. Everyone knows about the Florence Wagon and how light it pulls.

Tobacco growers of the White Burley District cover their barns with our 28 gauge steel roofing, because we sell the best grade and set it cheaper than any other dealer's cheap stuff. Try me and see how many dollars I will save you.

Call and examine that new Cultivator THE PIVOT AXLE! the only tiding Plow made that you can do satisfactory plowing and ride.

Remember, please, that we sell everything in the way of
MACHINERY, FARM IMPLEMENTS
and FURNITURE!
 Less than anyone else. The only favor that we ask is that you come and see how many dollars we can save you.

Furniture!.....
 It is a positive, absolute fact, long since conceded by all, that we carry the biggest and best stock of Furniture in the White Burley District and sell it all at the lowest price. We have a large stock of furniture, and we stand prepared to back it up. We never indulge in any advertising dodges, catches or lies. We have a price lower than anyone else on earth; we ask you that price and stand pat.

One Price to.....
.....All for Cash!
 And that the lowest on earth. I mean just exactly what I say. Try me and see how many round, plump, luscious dollars I will save you. Look—

6 Fine Oak Bonnie Case Bent Chairs..... \$ 2.75
 12 Oak Bedsteads for..... 1.50
 A Nice Oak Bedstead for..... 1.50
 A Nice Oak Dresser for..... 1.50
 A Nice Oak Case Bent Rocker..... .50
 A Large Oak Bedstead for..... 12.00

And everything else made out of wood, iron or steel for less money than anyone else.

In conclusion, I will say that I have been in your midst two years and that I have fulfilled every promise made to you. I promised to save you thousands of dollars by selling you everything at a cut price. Have I not done so? They told you that I would remain only a few months. They told you that no man could exist and sell goods as low as I did. I told you I could if I could sell enough of what I sold enough of them to exist. I am still here, having bigger and better bargains for you every day. I will always do my part if you will do yours. Your part is to always call and get my prices before you buy. Do this and I will save you dollars. I am your friend.

OUR WATER BOX

Correspondents will please give facts as briefly as possible. When anything of importance occurs use the Telegram or the Dispatch as our organ.

PEED.

H. M. Cracraft is journeying in Texas several cases of measles in this neighborhood.

Mrs. Ben Smith has been quite sick for several days.

Miss Flora Robinson is the guest of her brother at Shawhan Station.

Miss Bertie Raymond of Mayfield visited Miss Minnie Talley last week.

Prof. Conley has been compelled to close his school on account of sickness.

Samuel Stout, wife and daughter of Kansas are spending the winter with relatives in this vicinity.

Miss Minnie Blair of Ewing and Miss Lillie Adamson of Shannon have returned home after a visit to the family of W. S. Tornell.

Miss Mattie Downing and Miss Plagia Ingram and Mr. Will Wheeler of Santa attended the funeral Tuesday of their cousin, Mrs. Robertson.

Dead Sunday morning, Mrs. Addie Robinson, aged 27 years, who was married to Mr. Eugene Robinson in January, 1902, and a husband and one child survive, two children having preceded her. She was a kind and companionable mother and a devoted wife. A large crowd of friends and relatives attended her funeral at Mayfield Tuesday afternoon. Services were conducted by Rev. Tindal of Carlisle.

Fatal delays are being experienced with cough and cold cures. Polio has been the result of the colds resulting in pneumonia. J. Jas. Wood & Son and Armstrong & Co.

VOLUNTARY TESTIMONY.

What One of the World's Largest Advertisers Says of The Public Ledger.

THE LEDGER doesn't "blow its own horn" altogether; there are others who do a good part of the work; and upon this point the following voluntary testimony from one of the largest advertisers in the world speaks for itself.

SEARS, ROEBUCK & CO.,
Chicago, February 1, 1903.
Publishers Public Ledger, Cincinnati, Ky.—Gentlemen: A copy of your current issue happens to come to date, the Advertising Manager's desk, and in looking it over we feel prompted to express our satisfaction at its general appearance. While we use our careful judgment and utmost care in the selection of the best class of country clads, still so many of our papers fall short of those which go to make up a good sheet that it is really gratifying to handle a paper like yours, representing at once the highest type of local journalism.

If you may be aware, we are advertising in upwards of 3,500 newspapers throughout the country all of which are carrying our \$15.00 Burdick Sewing Machine advertisement, the same as you are, and among these papers, for style make up and matter, both literary and typographical, we place your paper first. The first bottle we received without success, while the excellent value we are giving in this \$15.00 Burdick Sewing Machine accounts for many of the orders received lately from your vicinity, a large share of the credit is due to your paper, with you.

Wishing you continued success, we beg to remain, yours very cordially,
S. K. BOWEN & CO.,
For L. E. Asher, Ad. Man.

Once more—"The Ledger is the leading paper," and don't forget that "Now is the time to subscribe and advertise!"

W. L. Tancy, Paducah, Ky., writes: "I had a severe case of rheumatism and three of the best physicians in southern Kentucky treated me without success. I was induced to try Fayer's Kidney Cure. The first bottle relieved me, the second cured me, and the third bottle cured me permanently. I highly recommend this wonderful medicine." J. Jas. Wood & Son and Armstrong & Co.

The funeral of Mrs. Henry Linn will occur today at 1 o'clock from the German Lutheran Church, services by the Rev. J. C. Molloy, after which the remains will be interred in the Mayville Cemetery.

David Faulkner, who has been at Barre, Vermont, for several years past, has now returned to his home here, purchasing the greatest line of clothing, furnishings, etc., ever brought to Mayville. He says the spring stock will arrive as soon as the store improvements are completed.

A few days ago a Kansas City man who had proclaimed himself an infidel for 25 years is dead and his last wish is that his fortune of \$100,000, with the exception of \$4,000, was given to religious and charitable organizations.

Heehinger & Co. have received a letter from Mr. D. Heehinger, dated New York, February 1st, in which he states he is purchasing the greatest line of clothing, furnishings, etc., ever brought to Mayville. He says the spring stock will arrive as soon as the store improvements are completed.

W. W. Thomas, the apothecary and baking powder merchant of Cincinnati, Monday filed answer to the five suits brought against him by insurance companies, denying that he removed any of the goods in his store prior to any of the fires, and stating that he received \$2,000 from each insurance company as a compromise.

Front Bites and Chiselinas. Quickly cured by Bannan Bites, the most reliable remedy in the world. J. Jas. Wood & Son and Armstrong & Co.

There are now 101 telephones in use in this city.

The Flemingburg oil well has reached a depth of 1,100 feet.

Mr. and Mrs. Andrew Cloney are entertaining a young daughter at their home.

Among the handsome floral tributes sent to decorate the grave of Senator William Joseph was one from the Democratic of Flemingburg and Fleming county.

Services children are almost always the cause of the "hot-dog" in the school. A White's Cream Vermifuge is the best preventive of nervousness. It strengthens the system and assists to that sort of food, which creates strength and power of endurance. Price, 25 cents. Add, Wood & Son.

If you have an item of news, please call up The Ledger, Telephone 23, and let us have it.

FEEDING A GREAT ARMY.

The four Banks at Richmond have a total assessment of \$50,000.

Rev. John S. Shouse has been mentioned as the probable successor of Rev. R. Linn Cave as President of Kentucky University, Lexington.

The old maid stood on the steamboat deck, whence all but her had fled, and calmly faced a kissing bug that circled overhead. The maidens shrieked and the matrons swooned and the men all swore amen, but the game old maid like a hero, stayed, and whispered, "Come again!" That was a burlesque on the old maid's story.

The average bullock, when slaughtered and cut up by the army butchers, will yield 75 pounds of meat and 125 pounds of fat. The meat is increased to one pound, and a free ration of preserves and vegetables is also issued.

The average bullock, when slaughtered and cut up by the army butchers, will yield 75 pounds of meat and 125 pounds of fat. The meat is increased to one pound, and a free ration of preserves and vegetables is also issued.

ALL KINDS OF

The four Banks at Richmond have a total assessment of \$50,000.

Rev. John S. Shouse has been mentioned as the probable successor of Rev. R. Linn Cave as President of Kentucky University, Lexington.

The old maid stood on the steamboat deck, whence all but her had fled, and calmly faced a kissing bug that circled overhead. The maidens shrieked and the matrons swooned and the men all swore amen, but the game old maid like a hero, stayed, and whispered, "Come again!" That was a burlesque on the old maid's story.

The average bullock, when slaughtered and cut up by the army butchers, will yield 75 pounds of meat and 125 pounds of fat. The meat is increased to one pound, and a free ration of preserves and vegetables is also issued.

The average bullock, when slaughtered and cut up by the army butchers, will yield 75 pounds of meat and 125 pounds of fat. The meat is increased to one pound, and a free ration of preserves and vegetables is also issued.

The average bullock, when slaughtered and cut up by the army butchers, will yield 75 pounds of meat and 125 pounds of fat. The meat is increased to one pound, and a free ration of preserves and vegetables is also issued.

The average bullock, when slaughtered and cut up by the army butchers, will yield 75 pounds of meat and 125 pounds of fat. The meat is increased to one pound, and a free ration of preserves and vegetables is also issued.

The average bullock, when slaughtered and cut up by the army butchers, will yield 75 pounds of meat and 125 pounds of fat. The meat is increased to one pound, and a free ration of preserves and vegetables is also issued.

Queensware!

Has advanced. In anticipation of this fact we bought heavily last fall and can give the correct prices on our Dinner and Toilet Wares. New patterns are on the road. Call early and get the advantage in price. Fancy China, 5 and 10 cents goods galore.

BROWN'S CHINA PALACE

40 W. Second St., Maysville, Ky.

General John B. Gordon, whose fame as the soldier-savior is world wide, will deliver one of his noted lectures at Richmond, February 13th.

Are you nervous, run down, weak and dispirited? Take a dose of H. B. B. It will infuse new energy, new life into the exhausted nerves, the overworked muscles, muscular system, and put a new face on life and business. Price, 50 cents. Jas. Wood & Son.

Secretary Root has sent to Congress an abstract of the militia force of the United States. It shows the total number of men available for military duty, but unorganized, at 10,350,150, and an aggregate organized strength of 106,830.
